EE4X98 Presentation Evaluation Form

Date:

Student Name and Last Name:

Project Title:

Jury Member Name and Last Name

Please return the hardcopy of the evaluation report to the Department Chair.

Subject Comprehension (over 50): **Subject comprehension of the student should be graded based on project report and technical depth of the study. Usage of the English language or presentation quality should not be the issue for grading this section.**

	45-50	Outstanding: A comprehensive grasp of the subject is demonstrated, including an in-depth understanding of the relevant concepts, theories, and issues related to the topic. All subject related questions are answered with confidence.
	30-44	Good: A good grasp of the subject is demonstrated. A good understanding of the relevant issues is shown. Most of the related questions are answered correctly.
	15-29	Average: A primary grasp of the subject is demonstrated. Few subject related questions are answered correctly.
	1-14	Weak: Weak grasp of the subject is demonstrated. Many misconceptions exist. There are difficulties in answering fundamental questions

English Language Usage **(over 25): The student should present the project in English. Grading should be based on the presentation.**

	25	Outstanding: Proficiency level. Uses the language as a native English Language speaker.
	20	Good: Upper-intermediate level. Uses language effectively and with confidence.
	15	Average: Intermediate level. Uses language with some confidence.
	5	Weak: Elementary level. Reads the slides.

Organization of Presentation: **(over 25): The presentation should have an organized template and format. Grading should be according to the organization of the presentation.**

	25	Outstanding: Obeyed all the rules for a presentation, slides and presentation quality are perfect.
	20	Good: Most of the rules are obeyed, slides and presentation quality are good.
	15	Average: Half of the rules are obeyed, slides and presentation quality are ordinary.
	5	Weak: No rules are obeyed; slides and presentation quality are poor.

Subject Comprehension	English Language Usage	Organization of Presentation	Total
